

Year 5 and 6 Parents and Carers  
Coronavirus School Closure Work

Year 6:

Children have a revision book for maths; reading and spelling, grammar and punctuation. This is a perfect opportunity to prepare for SATs tests in May.

Draw up a revision timetable with short slots for each topic in each subject. Make sure children focus on topics they find most difficult.

Year 5 and Year 6 useful websites:

[www.topmarks.co.uk](http://www.topmarks.co.uk)

[www.mathsframe.co.uk](http://www.mathsframe.co.uk)

We had planned, as part of our Creative Curriculum lessons, to research and write a biography on Boyan Slat – a young inventor who specialises in climate change. We would like the children to research Boyan and present their findings when we back to school. This can be in the form of a PowerPoint, written notes and diagrams, a poster, IMovie, a collage...any way they choose.

As the children should be in school, we would appreciate it if they were not spending all their time on electronic devices. Some suggestions instead:

- Reading for pleasure
- Painting and drawing
- Arts and craft
- Board games
- Cooking and baking
- Talking!
- Reading the news/watching Newsround

We look forward to seeing all the children when school reopens,

Mrs Wheeler, Miss Wilson and Miss Redman
