

## A very warm welcome to Steeton Primary School.

Dear Prospective parents and carers

A warm welcome from all at Steeton Primary School and thank you for taking the time to look at what we can offer your child. I know how important it is to ensure you choose the right school for your child's first school years.

At this time of year, we usually have an open day for new entrants. However, due to Covid restrictions this is not possible whilst children and staff are in school.

Instead, we have produced a Virtual Tour to give you a taste of our school (please see link) and also the Power Point for Prospective Parents.

At Steeton Primary School we seek to meet the needs of all our children and their families. We encourage and foster a caring community ethos within school so that children can grow in maturity and responsibility respecting all people around them.

Steeton is ambitious for all our children striving at all times to find ever more effective ways of enhancing our work without losing focus on what matters – to provide every child with an outstanding start to their school life.

We provide a richly Creative Curriculum which embraces the belief that when children's learning is rooted in experience and fun, we have happy children and sustained improvement in learning. This is also supplemented by our successful on site Forest School with its own specially built classroom.

Should you require any further information about our school; please do not hesitate to contact me at school either by email or phone and I will be more than happy to talk to you and answer any questions you may have.

Kind regards

Kevin Wheeler

Head of School.
