# HISTORY CURRICULUM AT STEETON PRIMARY SCHOOL

### INTENT

At Steeton Primary School, it is our intention that our pupils explore the past in exciting and challenging ways. Our bespoke history curriculum covers the National Curriculum and means our pupils will know of the importance of cultural, national and international history and how this has shaped the world. History has a high profile within our school and is taught alongside geography primarily through a topic-based approach in an engaging and interesting way. The whole school history overview and progression of knowledge and skills means that the National Curriculum is taught in a systematic way meaning children know more and remember more. Progression of knowledge and skills is outlined so that are our end points at the end of each phase is clear to all teachers. It is clear to see what children have learnt previously in the phase before and what they will be learning in the next phase of their history education.

In order to promote maximum progression we centred our history curriculum around the research-based approach of repeated concepts. The use of revisiting concepts both within the year and over the years means that knowledge is embedded and children make clear links in their learning.

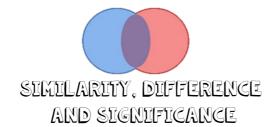

History lessons teach children the historical knowledge and opportunities to extend their skills through information finding, analysis, evaluation and communication opportunities, alongside being tolerant individuals. Children receive high quality academic learning experiences which is enriched with our 'Pupil Offer' which provides many rich and relevant experiences beyond the classroom.

## **IMPLEMENTATION**

The history curriculum at our school is bespoke and has been designed for the children in our school to ensure the National Curriculum is covered in a logical way. In EYFS, children begin to learn about the past and the present through the lives of people around them and from books and storytelling. In KSI children develop their knowledge of the past, within their living memory and also learn about significant events and people from history as well as a local history study. In KS2 a chronological approach to the history curriculum has been taken. Children will study specific periods in logical order. They will deepen their understanding of chronology from ancient to modern history through topic-based learning.

The whole school history overview is followed, meaning history is taught in a systematic way. Substantive knowledge such as key historical terms and dates are outlined in the medium term plans and the vocabulary progression documents, these are seen as our first order concepts. Our second order concepts, which is the way in which children will be able to understand, make links and organise their knowledge will be taught through KSI and KS2 are:

Each history topic is introduced with a 'Big Idea' question, to give children a purpose to their work and to ultimately deepen their historical reasoning. Throughout the topic we teach lessons and children complete activities and research that lead up to answering the Big Idea at the end of the topic. The learning in lessons will equip children with the knowledge and understanding so they are able to answer the question with confidence.

Children will have the opportunity to work independently, in pair and in groups through different styles of lessons and learning in the classroom is often enriched, through our Pupil Offer with external visitors and educational visits to engage and develop a genuine interest in the historical content being taught.

### IMPACT

Children at Steeton Primary School have a genuine thirst for historical knowledge. They know more and remember more about history as they make their way through their primary education. The progression of knowledge and skills is clearly outlined so that there is a clear end point for each phase. Teachers know what the children have previously learnt and are able to build on this. They also know what children will be taught in the next phase and can get them ready for this.

Children understand historical concepts and vocabulary and can make links from previous learning. Children have a good understanding of cultural, national and international history and how this has shaped the world. They enjoy history lessons and see the importance of learning about history.

Teacher's assess children's learning in every lesson and give feedback, support and challenge where appropriate. Children's answers in lessons, combined with work in their L4L books and answers to the Big Idea each half term give teachers a good picture of the children's acquisition of knowledge and understanding over a longer period of time. History is discussed in Phase and Leadership Curriculum Impact Meetings and parents are kept informed of their child's progress at parents' evenings, through school reports and work is celebrated through School Ping.

## HISTORY NATIONAL CURRICULUM AND EYFS STATUTORY FRAMEWORK

#### **EYFS**

We have selected the Early Learning Goals that link most closely to the History National Curriculum taught in the rest of the school. Level expected at the End of EYFS:

Understanding the World Past and Present ELG:

- · Describe talk about the lives of people around them and their roles in society
- · Know some of the similarities and differences between things in the past and now, drawing on their experiences and what has been read in class
- · Understand the past through settings, characters and events encountered in books read in class and storytelling

#### KSI National Curriculum

Pupils should be taught about:

- · changes within living memory. Where appropriate, these should be used to reveal aspects of change in national life
- · events beyond living memory that are significant nationally or globally
- the lives of significant individuals in the past who have contributed to national and international achievements. Some should be used to compare aspects of life in different periods
- · significant historical events, people and places in their own locality

#### KS2 National Curriculum

Pupils should be taught about:

- · changes in Britain from the Stone Age to the Iron Age
- · the Roman Empire and its impact on Britain
- · Britain's settlement by Anglo-Saxons and Scots
- · the Viking and Anglo-Saxon struggle for the Kingdom of England to the time of Edward the Confessor
- a local history study
- · a study of an aspect or theme in British history that extends pupils' chronological knowledge beyond 1066
- the achievements of the earliest civilizations an overview of where and when the first civilizations appeared and a depth study of one of the following: Ancient Sumer; The Indus Valley; Ancient Egypt; The Shang Dynasty of Ancient China
- · Ancient Greece a study of Greek life and achievements and their influence on the western world;
- a non-European society that provides contrasts with British history one study chosen from: early Islamic civilization, including a study of Baghdad c. AD 900; Mayan civilization c. AD 900; Benin (West Africa) c. AD 900-1300

<ul> <li>Children can:</li> <li>talk, write and draw about things from the past</li> <li>use historical vocabulary to retell simple stories about the past</li> <li>Use artefacts, pictures, stories, online sources and databases to find out about the past</li> <li>Observe or handle evidence to ask questions and find answers to questions about the past</li> <li>Ask questions such as: What was it like for people? What happened? How long ago?</li> <li>identify some of the different ways the past has been represented</li> </ul>	<ul> <li>Children can:</li> <li>present, communicate and organise ideas about the past (examples include: models, drama role play and different genres of writing including letters, recounts, poems, adverts, diaries, posters and guides)</li> <li>start to present ideas based on their own research about a studied period use evidence to ask questions and find answers to questions about the past</li> <li>use more than one source of evidence for historical enquiry in order to gain a more accurate understanding of history</li> <li>describe different accounts of a historical event, explaining some of the reasons why the accounts may differ</li> </ul>	<ul> <li>Children can:</li> <li>present, communicate and organise ideas from the past using different genres of writing (examples include: instructions, accounts, diaries, letters, information/travel guides, posters, news reports)</li> <li>plan and present a self-directed project or research about the studied period</li> <li>use and select sources of evidence to deduce information about the past giving reasons for choice</li> <li>understand that no single source of evidence gives the full answer to questions about the past</li> </ul>

# WHOLE SCHOOL 'BIG IDEA' QUESTIONS

YEAR A	KSI	LKS2	UKS2
Autumn I	Have cars changed our lives?	How has the way people communicate changed over time?	Who was Marie Curie?
Autumn 2	How is Keighley like Kenya?	Would you rather live in Bradford, Brussels or Brasilia?	Would you rather live in Manchester, Monaco or Mexico?
Spring I	Is weather dangerous?	Why is water important?	What is a mountain and how is it formed?
Spring 2	What do we know about France?	Why us Greece a popular tourist destination?	What is it like to live in Egypt in 2023?
Summer I	Who was Samuel Pepys?	Would you rather be from Athens or Sparta?	Who was Tutankhamun?
Summer 2	Was children's TV better in the past?	Is there a future for cinema?	Has the theatre always been popular?

YEAR B	KSI	LKS2	UKS2
Autumn I	Where does our food come from?	What and who did people of Benin trade with?	Why was cacao so important to the Mayans?
Autumn 2	How do we know the dinosaurs existed?	Would you rather live during the Iron Age or the Stone Age?	How has archaeology unlocked the past?
Spring I	Why do we have a monarch?	The Romans were good for Britain. Do you agree with this statement?	What did the Vikings ever do for us?
Spring 2	Where do we live?	Who were the Booth sisters?	Who owns Cliffe Castle?
Summer I	A United Effort - What a load of rubbish!	A United Effort - Keen to be green.	A United Effort -Why are our clothes so cheap?
Summer 2	How can you win the World Cup?	Classical music is the best type of musical style. Do you agree with this statement?	Is magic real?
