

This half term's forest principle: teamwork

# This week at Steeton Primary School...

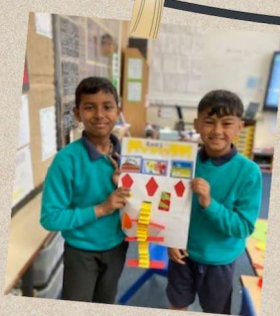

- Well done to Year 4 for completing their multiplication check.
- The Navy came in to talk to Year 6 - they built some fantastic rockets.
- On Monday, the governors were very impressed with children who talked to them about their learning. They spoke in length about what made their lessons fun, what they had learnt so far this year and why their work was special to them. Well done to: Niamh, Riya, Lewis, Esmee and Fraser.
- We welcomed Mrs Patterson to the Steeton family on Thursday. She is teaching Silver Birch on Thursday and Friday until the summer and then full time from September.
- We have had visitors from Feversham school who told us, 'How happy,' our school felt. What a compliment!
- Year 6 are making their own Monopoly board games in maths - we can't wait to see the finished products.
- KS2 classes had a VR day today - it was out of this world!

REMINDER

Make sure you apply suncream and send a hat in this sunny weather

Steeton Superstars

- Ebner Bibin
- Zaynah Abbas
- Jack Ryan
- Zoya Hussain
- Emilie Pollard
- Bella Claughan
- Austin Hambley
