

This half term's forest principle: friendship

15th September 2023  
Autumn Term  
Week 2

## Our adventures at Steeton Primary School this week...

- Our wonderful Y6 buddies have enjoyed joining reception children for lunch this week to show them the ropes. It has been really lovely to see them chatting and playing so well together - well done to all our buddies.
- I hope that you are seeing some of our lovely new books at home - children can bring any of our new collections home to share with you...or to read on their own for the joy of it.
- Mood Monsters are working well in classrooms - ask your child to tell you about them. The monsters allow children to express how they are feeling in a safe and supported way.
- A group of children went to Steeton Hub on Friday to meet the 'Knit and Natter' group. The group very kindly donated a considerable amount of money last term to resource our reading libraries. We took a small selection of our favourites to share and say a huge thank you.
- After school clubs have begun again this week. Chess, forest school, fitness, netball...there are spaces still available for clubs so get in touch if your child is interested.
- We have appointed a new lunchtime supervisor this week but still have a vacancy- contact Mrs Kennedy if you are interested.
- We have had several 'floods' this week due to sinks being blocked with hand towels. Damage has been caused to carpeted areas and equipment as a result. Children should only be going to the toilets during lesson time if it is absolutely necessary. Before school, playtimes and lunchtime is usually enough for the majority of children.

REMINDER

Parents' Information Session is on Tuesday 19th September @ 9am and repeated again at 9am on Friday 29th September.

Steeton Superstars

Ebony Addy Hannah George
