LKS2

Autumn I Newsletter 2022

Incredible Inventors

Our topic for this half term will be "Incredible Inventors". We will focus on communication. Children will contrast and compare old and modern inventions. Children will explain how people in the past have influenced our life today by studying Grace Hopper and Alexander Bell. Children will be able to explain why there has been a change in communication over the years. Children communicate their ideas through a variety of ways including presentations using computers.

Magic Monday

Pupils will be taught to further develop their techniques they have learnt last year. Including their control and their use of materials, with creativity, experimentation and an increasing awareness of different kinds of art, craft and design.

They will be studying Henry Moore's observational drawings and will use this as inspiration to create their own observational drawings.

English / Reading

We are starting our Writing for Pleasure journey by writing character descriptions for Cinderella. Children will enhance their vocabulary through a range of high quality picture stimuli and video clips. This ensures every piece of writing is unique.

We are also continuing our Reading for Pleasure Journey through some a brand new in class scheme. There are a mixture of topic related, fiction and Non fiction books for the children to enjoy.

Science

Enquiry Week

The aim of this week is to embed children's knowledge in the Working Scientifically strands. There will be a wide range of activities this week for children to gain a deeper knowledge of them.

Pupils will be taught to:

- Seek Patterns
- Conduct a fair test
- Research
- Identify and classify
- Observe over time

Pupil Offer / Dates for Your Diary

3.9.24
School opens for pupils

Date TBC
RE trip to the Buddhist centre in Keighley

Date TBC
Forest School

Other Information

Please see the PE timetable below for the dates children should come to school in their PE kits.
