

Forest Principle: Friendship

8th November 2024

This week's adventures...

It has been a busy first week back. The first week of each new half-term is science week. Classrooms have been filled with exciting lessons and experiments, KS1 have carried out lots of enquiry, investigating questions such as "Which colour of chocolate will melt fastest?", LKS2 have been studying rocks and UKS2 have been studying Light, the way it travels and how we can see the wonderful world around us.

Monday morning started with an assembly from Mrs Patterson about Diwali, she told us the story of Rama and Sita and shared how people around the world might celebrate the Hindu festival.

Year 3/4 had fun on their school trips to Stump Cross Caverns. This was a really exciting trip where children were able to explore caves, learn about fossils and Stone Age life. All children were extremely well behaved, the teachers were very proud of them.

On Tuesday, we hosted a Halloween disco, children had lots of fun showing off their spooky costumes, there were some great dance moves!

Today, Elder class have had fun in forest school. They have been busy making fires, toasting marshmallows, climbing trees and singing forest school songs. We love Forest School Fridays!

Don't forget to send in photographs of your child doing anything special outside school - we display them with pride on our special board. Send to kelly.lafbery@steeton.bradford.sch.uk.

Children In Need

It is Children in Need on Friday, children are invited to wear non-uniform or Pudsey bear outfits.

Unity Day

On Tuesday, we are celebrating anti-bullying week by wearing yellow.
