

Sustainability at Steeton Primary

2025-6

Decarbonisation

- Heating times have been altered to be more efficient.
- Timer plugs have been given to IPad trolleys to be more efficient.
- Traffic surveys have been completed. .
- Paper recycling bins have been introduced to classrooms

Climate Education

- We have allocated a sustainability working group.
- We have incorporated a 6 week topic on sustainability and are continually assessing it's impact.
- Pupils have taken part in World of Work Days where they are encouraged to think about Green careers.

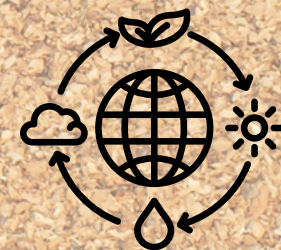

Biodiversity

- We have installed a bird box on our site.
- We have created flower beds to attract
- more wildlife.

Adaption and Resilience

- We have signed up to the DFE heat health alert.
- We are currently creating a Steeton Primary heat wave policy.
- A new external door has been bought.

- Our green area is going to be prepared for planting by Mr Shaw and his team.
- We will then be planting in the green area to lower our carbon footprint.
