

# Steeton Primary School

## EYFS

### Spring 2 - Marvellous Machines

#### Phonics

Last half-term the children were introduced to their new phonics groups. In these groups the children are taught to read and write based on their current phonetic ability. This term children that that know their set 1 sounds will begin to learn set 2 sounds and will learn to read simple words, captions and sentences. Some children will be consolidating their set 1 sounds

#### Marvellous Machines

Our topic next half term is 'Marvellous Machines'. This topic will focus on a wide variety of different machines, such as cars, diggers, cranes, aeroplane and boats. We will develop our understanding of how these machines work and how they are used.

#### Drawing Club

In Drawing Club we will continue to develop our drawing and writing skills. These lessons will be based on stories or animations that link to our topic. For example, 'The 100 decker bus', 'the tractor has a wobbly wheel', 'diggersaurs'.

#### Maths

In Maths we will be learning about length, height and time. We will be continuing our understanding of number to 10, with a focus on building 9 and 10. We will then be developing our understanding of shape by learning about the properties of 3d shapes.

#### Dates for the diary

26/02/26 - Fluoride varnish session

23/03/26 - Make the rules day
